

March 4th, 2025

Global Alert - West Fire USA

Affected Areas

Missouri, Arkansas, Tennessee, Kentucky, Georgia, Alabama, and the Carolinas.

Duration

March 4th – 15th, 2025

Hazard Summary

Fire detections using red dots and flame icons, likely indicating varying fire intensities or confirmed fire events.

Fire Locations:

Widespread smaller fire detections (red dots) are scattered across the entire region.

Larger, more intense fires (marked with flame icons) are concentrated in parts of Arkansas, Alabama, Georgia, and the Carolinas.
