TOTAL	1	2	2	68	127	79

FORECASTED IMPACT

- Possibility of **severe thunderstorms / heavy rainfall** in North / Northeastern Punjab (including Lahore, Sialkot & Narawal).
- Potential for **urban flooding** in municipal areas and landsliding in hilly regions.
- Potential **thunderstorms / heavy rainfall** in Sindh (Karachi, Tharparkar, Sukkur, Larkana, Hyderabad, Badin, Shaheed Benazirabad).
- Possibility of **thunderstorms** in Northeastern Balochistan (Sibbi, Zhob, Kohlu, Q. Saifullah, Khuzdar, Barkhan, Loralai, Dera Bugti & Lasbela).
- **Rainfall** expected in Khyber Pakhtunkhwa (Bannu, DI Khan, Malam Jabba, Balakot).

GUIDANCE ISSUED

- City / District Administrations are to **ensure contingency traffic plans** for areas vulnerable to flooding in cities, (especially in Lahore, Gujranwala, Sialkot and Faisalabad) catering for **prompt de-watering operations in flooded underpasses**.
- All District Administrations to **ensure completion of stock taking** and reconnaissance and **public awareness** / information in vulnerable areas, especially Marala Headworks on River Chenab and Jassar on River Ravi with respect to chances of flood flows until 20 July.
- Rescue Services and leading NGOs will **ensure availability of personnel** in the indicated areas.
- All stakeholders to maintain proactive coordination in order to ensure **prompt and streamlined response** down to grassroots level.
