

July 18, 2025

## Global Alerts – Central Zone

### Extreme Rain Fall

#### Affected Areas

Baruun, Choibalson, Mongolia

#### Duration

18– July 19, 2025

#### Hazard Types

Intensive Rainfall and Thunderstorm

#### Hazard Summary

A strong weather system is expected to impact Baruun and Choibalson, Mongolia, bringing moderate to heavy rainfall with localized thunderstorms. Gusty winds reaching 65–75 km/h and possible hail activity may also occur. Residents are advised to avoid unnecessary travel and stay indoors during peak storm hours. Secure loose objects, keep emergency kits ready, and avoid sheltering under trees or near metal poles during lightning.
