

NDMA Met Projections (11th Oct to 16th Oct, 2024)

National Emergencies Operation Centre- National Disaster Management Authority

Punjab:

Hot and dry conditions will prevail across the province from 11th to 16th October.

Balochistan:

Hot and dry conditions will prevail across the province from 11th to 16th October.

Sindh:

Hot and dry conditions are expected overall. However, isolated thunderstorms or windstorms may occur in Thatta, Badin, Tharparkar, and surrounding areas on 13th October.

KP:

Most of the province will experience hot and dry conditions, however, isolated thunderstorms are expected in upper KP, including Chitral and Dir, from 13th to 16th October.

GB & AJK:

Mainly dry weather is expected, but isolated rain and winds are possible in Gilgit-Baltistan from 13th to 16th October.
