2.1. Applicants shall be submitted through ePADS no later than the deadline indicated in the PDS.

2.2. If required in accordance with the provisions of ITA 8.3, the Procuring Agency will extend the deadline for the submission of Applications, in which case all rights and obligations of the Procuring Agency and the Applicants subject to the previous deadline shall thereafter be subject to the deadline as extended.

2.3. The deadline will be extended in the same manner as that of original Invitation for Prequalification (or the advertisement) through **EPADS v2.0**.

3. **Opening of Applications**

3.1. The Procuring Agency shall open all Applications on the date and time specified in the PDS through **EPADS v2.0**. Late Applications shall be treated in accordance with ITA 16.1.

E. Procedures for Evaluation of Applications

1. **Confidentiality**

1.1. Information relating to the Applications, their evaluation and results of the Prequalification shall not be disclosed to Applicants or any other persons not officially concerned with the Prequalification process until the notification of Prequalification results is made to all Applicants in accordance with ITA 26 through **EPADS v2.0**.

1.2. From the deadline for submission of Applications to the time of notification of the results of the Prequalification in accordance with ITA 26, any Applicant that wishes to contact the Procuring Agency on any matter related to the Prequalification process may do so only in writing through **EPADS v2.0**

2. **Clarification of Applications**

2.1. To assist in the evaluation of Applications, the Procuring Agency may, ask an Applicant for a clarification (including missing documents) of its Application, to be submitted within a stated reasonable period of time. Any request for clarification from the Procuring Agency and all clarifications from the Applicant shall be in writing through **EPADS v2.0**

2.2. If an Applicant does not provide clarifications and/or documents requested by the date and time set in the Procuring Agency's request for clarification, its Application shall be evaluated based on the information and documents available at the time of evaluation of the Application.

3. Responsiveness of Applications

3.1. The Procuring Agency may reject any Application which is not responsive to the requirements of the Prequalification Documents. In case the information furnished by the Applicant is incomplete or otherwise requires clarification as per ITA 19.1, and the Applicant fails to provide satisfactory clarification and/or missing information within prescribed time, it may result in disqualification of the Applicant.

4. Margin of Preference

4.1. Unless otherwise specified in the PDS, a margin of preference shall not apply in the Bidding process resulting from this Pre-qualification.

5. Sub-contractors

5.1. Subcontractors' qualification and experience will not be considered for evaluation of the Applicant. The Applicant on its own (without taking into account the qualification and experience of the Subcontractor) should meet the qualification criteria.

F. Evaluation of Applications and Prequalification of Applicants

1. Evaluation of Applications

1.1. The Procuring Agency shall use the factors, methods, criteria, and requirements defined in Section III, Qualification Criteria and Requirements, to evaluate the qualifications of the Applicants, and no other methods, criteria, or requirements shall be used. The Procuring Agency reserves the right to waive minor deviations from the qualification criteria if they do not materially affect the technical capability and financial resources of an Applicant to perform the contract, however subject to the provisions of ITA 25.

1.2. Subcontractors proposed by the Applicant shall be fully qualified for their parts of the Scope of Supply of the Goods and Allied Services.

1.3. In case of multiple contracts, Applicants should indicate in their Applications the individual contract or combination of contracts in which they are interested. The Procuring Agency shall prequalify each Applicant for the maximum combination of contracts for which the Applicant has thereby indicated its interest and for which the Applicant meets the appropriate aggregate requirements. The Qualification Criteria and Requirements are mentioned in Section III.

Only the qualifications of the Applicant shall be considered. The qualifications of other related entities such as the Applicant's subsidiaries, parent entities, affiliates, subcontractors or any other firm(s) different from the Applicant shall not be taken into consideration in determining the qualifications of the Applicant.

2. Procuring Agency's Right to Accept or Reject Applications

2.1. The Procuring Agency reserves the right to accept or reject all the Applications, and to annul the Prequalification process at any time, without thereby incurring any liability to the Applicants. However, the procuring agency shall record its reasons and justifications on **EPADS v2.0**, duly approved by the Principal Accounting Officer or Head of Organization.

3. Pre-qualification of Applicants

3.1. All Applicants whose Applications substantially meet or exceed the specified qualification requirements will be prequalified by the Procuring

Agency.

3.2. An Applicant may be “conditionally prequalified,” that is, qualified subject to the Applicant submitting or correcting certain specified nonmaterial documents or deficiencies to the satisfaction of the Procuring Agency.

3.3. Applicants that are conditionally prequalified will be so informed along with the statement of the condition(s) which must be met to the satisfaction of the Procuring Agency before or at the time of submitting their Bids.

4. Notification of Prequalification

4.1. The Procuring Agency shall notify all Applicants in writing through **EPADS v2.0** indicating the names of those Applicants who have been prequalified or conditionally prequalified. In addition, those Applicants who have been disqualified will be informed separately through **EPADS v2.0**.

4.2. The procuring agency shall communicate to those suppliers or contractors who have not been pre-qualified the reasons for not pre-qualifying them through **EPADS v2.0**

5. Request for Bids

5.1. Promptly after the notification of the results of the Prequalification, the Procuring Agency will invite the Bids from all the Applicants that have been prequalified through **EPADS v2.0**.

6. Changes in Qualifications of Applicants

6.1. Any change in the structure or formation of an Applicant after being prequalified in accordance with ITA 25 and invited to bid (including, in the case of a JV, any change in the structure or formation of any member thereto) shall be subject to the written approval of the Procuring Agency prior to the deadline for submission of Bids. Such approval shall be denied if:

6.1.1. a prequalified Applicant proposes to associate with a disqualified Applicant or in case of a disqualified joint venture, any of its members;

6.1.2. as a consequence of the change, the Applicant no longer substantially meets the qualification criteria set forth in Section III, Qualification Criteria and Requirements; or

6.1.3. in the opinion of the Procuring Agency, the change may result in a substantial reduction in competition.

6.2. Any such change should be submitted to the Procuring Agency before the date of "Invitation to Bids".

7. Redressal of Grievances

7.1. Procuring agency shall constitute a Grievance Redressal Committee (GRC) and proceed in accordance with the procedure and mechanism defined under Rule-48 of Public Procurement Rules, 2004.

7.2. The GRC shall not have any of the members of Procurement Evaluation Committee. The committee must have one subject specialist depending on the nature of the procurement.

8. Mechanism of Blacklisting

8.1. The procuring agency shall initiate blacklisting or debarment proceedings against any bidder, supplier or contractor in accordance with the mechanism prescribed under Rule-19 of Public Procurement Rules, 2004 read with "Mechanism for Blacklisting Regulations, 2024".

Annexure

1. Fleet Composition & Technical Capacity

The contractor shall maintain a minimum of ten (10) operational transport vehicles, including both HTV and LTV categories. The fleet composition must include flatbed trucks for bulk cargo, covered or box trucks for protected goods, and preferably containerized vehicles for secure transportation. Each vehicle shall have a minimum payload capacity ranging from 5 to 20 tons, depending on its category and intended use. At least sixty percent (60%) of the fleet must be owned by the contractor, while any leased vehicles shall be supported by valid and verifiable lease agreements.

2. Vehicle Technical Compliance

Each vehicle deployed under the contract must possess a valid registration certificate, a valid fitness certificate issued by the competent authority, and appropriate route permits for inter- and intra-provincial movement. All vehicles must be covered under comprehensive insurance policies and maintained in roadworthy condition, including proper chassis and engine functionality. Additionally, vehicles must be equipped with standard lighting, braking, and signaling systems, and must display clearly visible identification and numbering for verification purposes.

3. Tracking & Monitoring System

The contractor shall ensure installation of a GPS tracking system in all vehicles, particularly for high-value or sensitive consignments. The system must support real-time location tracking, trip monitoring, and reporting capabilities. Furthermore, a reliable communication system, such as mobile or wireless connectivity, shall be maintained to ensure continuous contact with drivers throughout the transportation process.

4. Operational Technical Capacity

The contractor must demonstrate the capability to mobilize the required fleet within 24 to 48 hours of assignment. The contractor shall be capable of handling consignments of at least 50 tons per dispatch and executing multiple deliveries simultaneously across different locations. Operations must be feasible across urban, rural, and difficult terrains, including the ability to function effectively under adverse weather conditions and emergency situations.

5. Loading / Handling Equipment

The contractor shall ensure the availability of adequate loading and unloading arrangements, whether manual or mechanical, as required. Equipment such as trolleys and forklifts shall be provided where applicable to facilitate efficient cargo handling. All loading and unloading activities must adhere to established safety standards and proper cargo handling procedures to prevent damage or loss.

6. Driver Technical Requirements

All drivers engaged by the contractor must possess valid HTV or LTV driving licenses and have a minimum of three (3) years of experience in operating heavy vehicles. Drivers must be familiar with national highways, major logistics routes, and transportation networks. Additionally, they should have basic knowledge of vehicle maintenance and troubleshooting to address minor operational issues during transit.

7. Safety & Technical Compliance

All vehicles must comply with applicable national motor vehicle and transport regulations. The contractor shall ensure strict adherence to permissible load limits, with no overloading under any circumstances. Vehicles must have fully functional braking and suspension systems and be equipped

with basic emergency and safety kits. Proper cargo securing and fastening mechanisms must be implemented to ensure safe transportation throughout the journey.

8. Maintenance & Availability

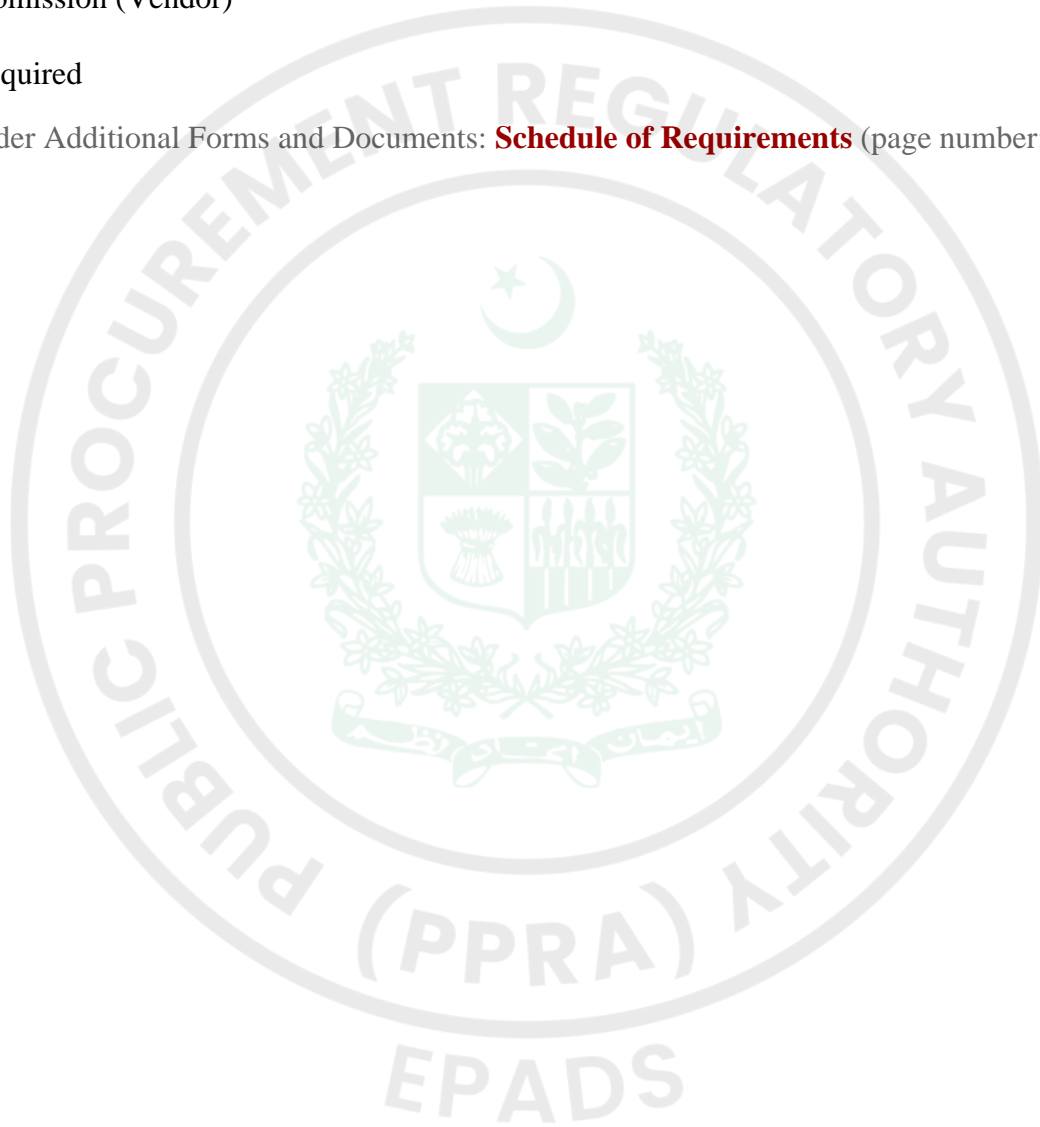

The contractor shall ensure that all vehicles are properly maintained, regularly serviced, and kept in optimal operational condition at all times. Adequate arrangements must be in place to provide backup vehicles in the event of breakdowns or unforeseen circumstances. The contractor shall ensure minimal downtime and uninterrupted service delivery to meet operational requirements.

Additional Forms and Documents

1. Fleet Composition & Technical Capacity

The contractor shall maintain a minimum of ten (10) operational transport vehicles, including both HTV and LTV categories. The fleet composition must include flatbed trucks for bulk cargo, covered or box trucks for protected goods, and preferably containerized vehicles for secure transportation. Each vehicle shall have a minimum payload capacity ranging from 5 to 20 tons, depending on its category and intended use. At least sixty percent (60%) of the fleet must be owned by the contractor, while any leased vehicles shall be supported by valid and verifiable lease agreements.

2. Vehicle Technical Compliance

Each vehicle deployed under the contract must possess a valid registration certificate, a valid fitness certificate issued by the competent authority, and appropriate route permits for inter- and intra-provincial movement. All vehicles must be covered under comprehensive insurance policies and maintained in roadworthy condition, including proper chassis and engine functionality. Additionally, vehicles must be equipped with standard lighting, braking, and signaling systems, and must display clearly visible identification and numbering for verification purposes.

3. Tracking & Monitoring System

The contractor shall ensure installation of a GPS tracking system in all vehicles, particularly for high-value or sensitive consignments. The system must support real-time location tracking, trip monitoring, and reporting capabilities. Furthermore, a reliable communication system, such as mobile or wireless connectivity, shall be maintained to ensure continuous contact with drivers throughout the transportation process.

4. Operational Technical Capacity

The contractor must demonstrate the capability to mobilize the required fleet within 24 to 48 hours of assignment.
